TERMINAL DISCLAIMER

Petitioner represents that PlastPro 2000, Inc. is the owner of the entire right, title and interest in and to the above-identified application by virtue of an assignment recorded on August 1, 2003 at Reel 014339, Frame 0559.

Petitioner hereby disclaims, except as provided below, the terminal part of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173, of U.S. Patent No. 6,694,701, which issued on February 24, 2004, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 6,694,701.

Petitioner further agrees that this agreement is to run with any patent granted on the above-identified application and is to be binding upon the grantee, its successors, and assigns.

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the prior patent, U.S. Patent No. 6,694,701, as presently shortened by any terminal disclaimer, in the event that said patent later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37

C.F.R. 1.321, has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its full statutory term, except for the separation of legal title stated above.

Petitioner hereby declares that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

The Terminal Disclaimer fee under 37 C.F.R. 1.20(d) is included (see RCE Transmittal).

Respectfully submitted,
